

Saturday Morning -

Many thanks, my dear Gray, for  
your letter which arrived yesterday.  
I will order the remaining Suppl<sup>t</sup> to  
Enriches thro' Bridges, so give yourself  
no further trouble, in the matter.

Advise me the amt<sup>t</sup> of  
14. 11 Banco in Fed. Cur. 7, as it costs  
you to remit it, & I will forward  
it, with many thanks.

As to Wright's Plants, I should like  
to have as large a set as might be,  
common things included, but any  
res any stippling forbid; nevertheless,  
if the set looked out for me does  
not exceed 3 or 400 I will take it  
as it stands. It is not unreasonable  
that Mr. Wright should charge more  
for selected specimens; & I only  
embraced your offer of picking  
them, when you suggested that

there were more applicants than  
could be supplied, in which case  
no difference would have arisen  
so far as Mr. W. is concerned.

I thank you for the suggestion  
as to Kunze's Supp<sup>t</sup>. Please send  
me the title - Is the work finished?  
Also send me the title of  
Trejer's small brochure (Revisio  
Curriculum?) which I shall also  
send for, with the Symbolæ Car.

I have rec<sup>d</sup>. a small package  
for you, from Cowley, & shall take  
it to Torrey to incorporate in a  
parcel he will have to send to you.

Alexander sent me a very  
small Call<sup>us</sup> of his Jam<sup>a</sup> plants  
from the Isl<sup>and</sup>? Did he send you  
the like? If not, you shall have  
mine, which are untauch<sup>ed</sup>,

& will be more useful to you  
than to me - let me know.

I am very thankful for  
your renewed invitation, & I  
aspire now that it would give me  
very great pleasure to be with  
you, & to render you such small  
help as I might - but, in truth, I  
feel too shaky to run the risk  
of being again troublesome to you,  
& dear Mr. Gray, as in the past  
winter, which I have not, even yet,  
ceased to regret - I beg my kind  
love to her, & am very faithfully,  
Yrs.  
C. C.

Send me the names of the Books  
at once, as Mr. Caswell sends very  
shortly. I am helping Torrey look  
out & arrange his N. Mex<sup>an</sup> plants,  
spent yesterday with him at the  
College - Mr. F. is not very well,  
but the rest of the family are quite so.
